

Dogs on Haddenham Recreation Field

The Parish Council has agreed that they are not in favour of banning dogs from Haddenham Recreation Field. **An on-lead policy was considered at the May Council meeting and it was decided that this would be implemented with effect from 1st June 2017.**

Dogs may only be walked around the perimeter of the field and under no circumstances must they be allowed on the pitches, play areas or MUGA court.

There are still many places throughout the village that dogs may be walked off-lead for example Fairchild's Meadows at the bottom of Chewells Lane.

The Dog Warden at ECDC has been asked to carry out additional patrols but the public are able to report dog fouling using ECDC's online portal

www.eastcambs.gov.uk/dogs/dog-fouling-complaint

This service allows you to quickly and easily report a dog owner for failing to clear up after their dog. We need the support (and watchful eyes!) of the community to report any instances they witness. Several of the culprits being caught and fined should deter others from doing the same.
